Cabo San Lucas

Millennia ago, Cabo San Lucas was part of the Mexican mainland. Then a massive rupture of the San Andreas Fault sent the waters of the Pacific crashing into the newly formed depression, creating the Sea of Cortez and the Baja Peninsula. Lying at the very tip of Baja, where the Pacific meets the Sea of Cortez, Cabo San Lucas - or "Cabo" - is one of the premier resort destinations in the Western Hemisphere. Swim in the transparent waters, marvel at the wealth of marine life, relax on one of the white-sand beaches or try your hand at some of the finest sportfishing in the world.

Note: Your ship will anchor in Cabo San Lucas and use launches to transport all passengers ashore.

Points of Interest

Stroll through the historical center of San Jose del Cabo and immerse yourself in the Spanish colonial character and charm preserved in the 18th-century architecture and cultural traditions.

Mazatlan

Lying just below the Tropic of Cancer, Mazatlan boasts a superb year-round climate. Mazatlan, a name that means "Place of the Deer," sits on a peninsula at the feet of the rugged Sierra Madre, and the Cerro de Neveria - "Ice Box Hill" - divides the area's rocky Pacific beaches from the broad, white-sand beaches beloved by visitors. The climate, the beaches, and the world-class sportfishing have turned this commercial fishing port into one of the world's top resort destinations. Yet while visitors flock to the markets, bathe in the sun, or marvel at the airborne ballet of the famed Papantla dancers, Mazatlan remains one of Mexico's major Pacific ports - the city exports over 40 million pounds of shrimp every year.

Points of Interest

Admire the Moorish and Gothic architecture at the Cathedral Basilica of the Immaculate Conception, then head across the way to the popular Plaza Revolución with its charming gazebo and street vendors.

From hiking to sportfishing to ziplining through the treetops, Mazatlan offers exciting adventures outdoors to suit anyone's style.

Puerto Vallarta

Puerto Vallarta was sleepy no more; its transformation into an international resort had begun. Then director John Huston chose the village as the location for his film "Night of the Iguana," starring Richard Burton. Today, the city has its own "Gringo Gulch," a haunt of the rich and famous. Travelers are also drawn by its climate, its excellent shopping - which offers great values on leather goods, jewelry, and handicrafts - and mile after mile of palm-lined beaches.

- **8** Outdoor Adventure

Become one with nature as you zipline and rappel through the Mexican jungle, view the countryside by powerful ATV, or go kayaking and snorkeling in the warm waters of Puerto Vallarta.

Los Angeles

The City of Angels always hovers between dream and reality. Once a near-forgotten colonial outpost, the pueblo metamorphosed into an agrarian paradise before reinventing itself as a movie colony. Perhaps no other city owes so much to the technological innovations of the 20th century, from the automobile to the airplane. Little wonder that LA is oft described as the "dream machine." In LA, reinvention is a way of life. Yet this talent for change has created a city with a rich ethnic diversity and a sizzling culture. LA is the source for trends that migrate across the country and then the world. Where else can you enjoy a Thai taco or munch on a kosher burrito? Or travel from downtown's high rises to the beaches of Malibu, shopping in Beverly Hills along the way?

Los Angeles is a port of embarkation and disembarkation for some cruises.
