Is This Trip Right for You?

This comprehensive, fast-paced trip covers a fair amount of ground each day. For every touring day, expect three to four hours walking where you will encounter uneven surfaces, stairs, steps significant slopes, as well as considerable time standing. Many historical cities have specific driving regulations, with set drop off and pick up points, that result in extra walking to and from the sights. Some hotels in Lucerne, Zermatt, and St. Moritz are built in the traditional local style and have no air-conditioning. During heat waves, these hotels can become uncomfortable, even at higher elevations. Please be aware that Switzerland is an expensive destination. This is a Classic program.
